200X1200MM

CARRARA GRAY

A large rectangular ceramic tile sample with a 'Galaxy Brown' pattern. The pattern consists of a brown base with intricate, vein-like details in lighter and darker shades of brown and beige, creating a marbled effect. Three horizontal white lines are visible across the middle of the tile.

300X1200MM

A rectangular ceramic tile sample, smaller than the one above, featuring the same 'Galaxy Brown' pattern of brown and beige veining.
